Review of the year 2014

Hi, I'm Sharon. I'm the manager here at Anatomy. I started in January this year so am just coming up to a years service, apologies for not introducing myself sooner—I'm a bit shy!

This year has seen some big changes for the owner/manager team with us developing a relationship and establishing our separate roles. Most of the operational changes have been behind the background so hopefully you won't have noticed too much change to your beloved Anatomy. We do currently have some client experience questionnaires at each branch if you would like to give us some feedback.

Front line we have seen a few staff changes— the biggest surprises came from Jenny D leaving to grow her own business, Pierre leaving to sail the world in the World Great Ocean Race and more recently losing Jackie, Rachael and Kate all in one month! However, don't worry we have been busy training and settling in our new recruits for the past 3 months so we can ensure the same level of service that you would expect from us.

This year we have also extended our placement scheme and now work in conjunction with Salford University accepting students throughout the year.

2014 for us will be remembered as the year I came along and started cleaning up after everyone! Literally sometimes in Chorlton—the messy bunch.

For 2015 we are looking forward to continuing with our customer focus research and extending our training scheme especially with Jen coming back to practice...

That's right folks , you heard it here first, Jen Lloyd will be back to practice in January!

In the meantime I would like to wish everybody a Merry Christmas and a Happy New Year from all the Anatomy team and get checking out those December offers!

Sharon
